Executive Summary

Total enrollment	1,727
% English learners	42%
% Low income	75%
% Hispanic/Latino	73%
% Black or African American	11%
% First language not English	72%

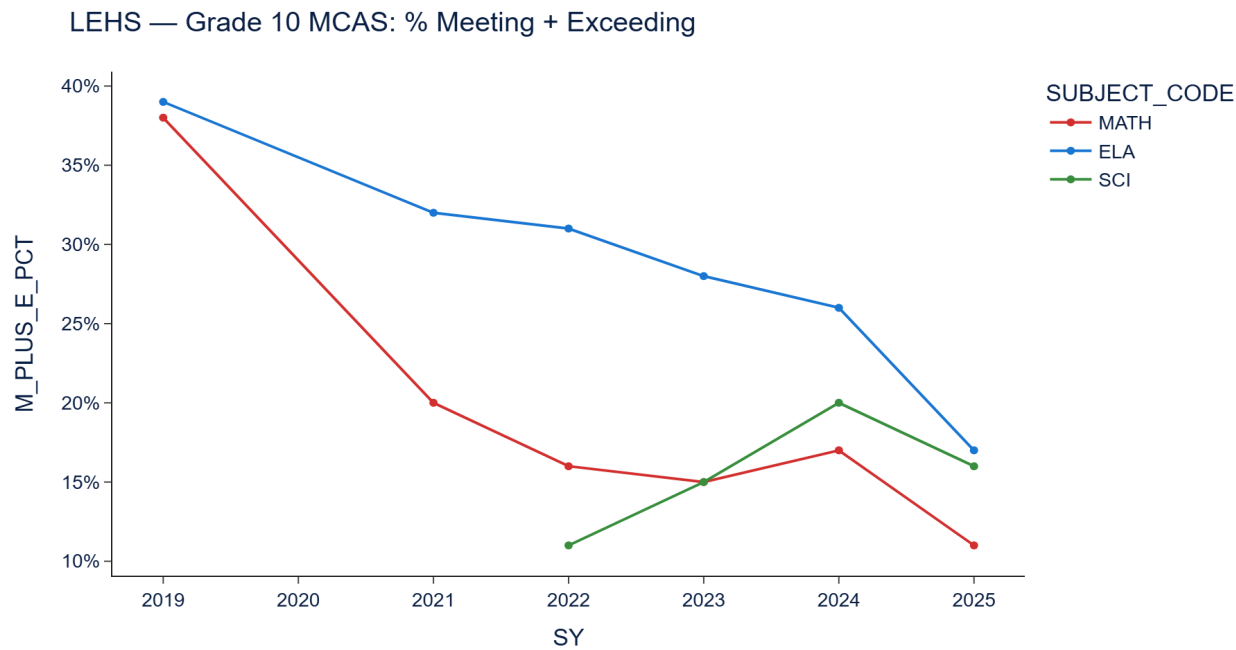

Lynn English serves a student body whose share of English learners and first-language-not-English students puts it among the most linguistically diverse comprehensive high schools in Massachusetts. This report tracks the data that matters: who attends, how they perform on state and federal accountability measures, what happens after graduation, and what the surrounding community looks like.

1. School Profile

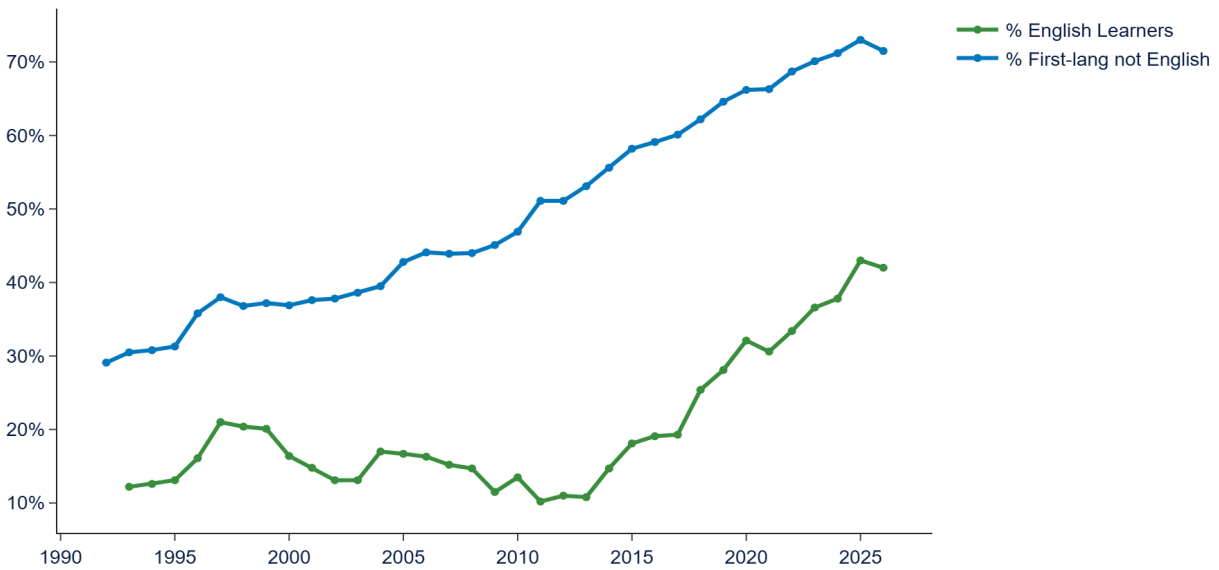

Enrollment over time. Lynn English is one of two comprehensive high schools in Lynn Public Schools, alongside Lynn Classical.

2. Academic Performance

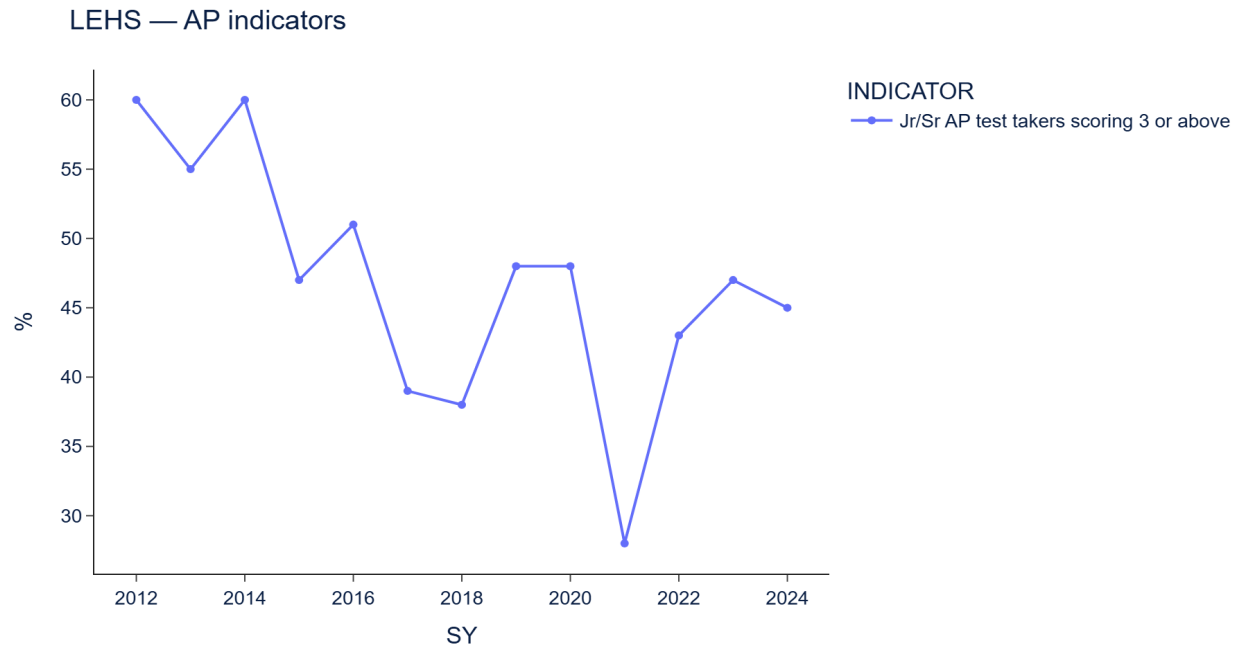

3. ELL Pipeline (Flagship)

LEHS — ELL + FLNE share over time

Lynn English's ELL share is among the highest in the state. The first-language-not-English line is the leading indicator: many of these students will be re-classified to ELL after intake testing.

4. College & Career

Top destination colleges (IPEDS / College Scorecard)

Institution	State	Grad rate (150%)
North Shore Community College	MA	18%
Bunker Hill Community College	MA	13%
Salem State University	MA	50%
UMass Lowell	nan	—
UMass Boston	nan	—
University of Massachusetts-Amherst	MA	83%
Massachusetts Bay Community College	MA	17%
Middlesex Community College	MA	23%
Bridgewater State University	MA	53%
Framingham State University	MA	48%

5. Success After High School

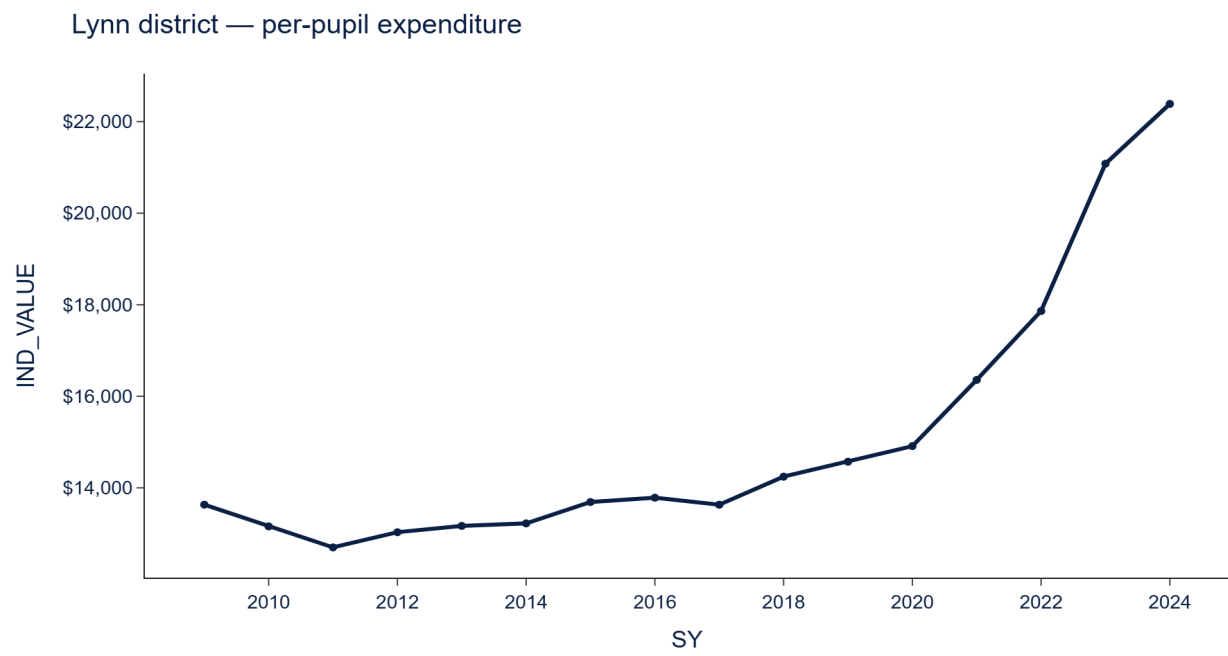

6. Teachers & Workforce

LEHS teacher headcount by race/ethnicity (latest year)

Group	Headcount FTE
White	89
Hispanic/Latino	11
Black/African American	4
Asian	2
Multi-race	4

7. Finance

8. Discipline & Climate

Federal CRDC and DESE statereport disaggregated discipline data are wired into the live dashboard once the per-row parsers are tuned to current endpoint layouts. See scripts 03 + 04 in the data pipeline.

9. Community Context

Lynn's 22 census tracts span a wide range of household income, foreign-born share, and non-English-at-home prevalence. The live dashboard pairs Census ACS with EPA EJScreen + CDC PLACES tract-level indicators to ground the school data in community context.
